How do I customize or create my own version of this sample?

Using the included Proposal Pack Wizard is the best way to make customized versions of the samples. Using the Wizard and any Proposal Pack you can recreate any of the samples in the visual design theme you purchased as well as branding it with your own logo and design.

2) Click the Pick Documents button then click the View Samples tab.

3) Select the title of this (or any other) sample and click the Import Content from Selected Sample button.

4) Customize the chapter list as needed to suit your situation. You can add additional chapters from the library of 2000+ topics, reorder chapters, remove chapters.

5) When you save your project, the Wizard will build you a custom version of this sample in the visual design theme Proposal Pack you purchased applying all your customizations (logos, font types, color schemes, contact information, etc.).
