Project Management Pack is an extensive library of material used to help manage your projects from start to finish. Project Management Pack also includes the Records Management Toolkit for developing a detailed records management program.

Project Management Pack is part of the [Proposal Kit Professional Bundle](#).

# 1. Introduction

## 1.1 Purpose of this document (Objectives)

<< Insert the purpose of this document, its objectives, and its intended audience. >>

## 1.2 Scope of document

<< Insert description of the scope of this Software Testing Plan >>

### 1.21 Scope Constraints

<< Insert constraints, such as schedules, costs, interactions, overview, or any other information relevant to the testing of the development requirements. >>

## 1.3 Overview

<< Insert an overview or brief description of the product, software, or other desired end result that is being tested under this Software Testing Plan. >>

## 1.4 Business Context

<< Insert an overview of the business or organization desiring the development of this project. Include the business or organization's mission statement and its organizational goals and objectives. Note: If you have already completed a Software Requirements Specification, the majority of this material is copied verbatim from that document. The purpose of this preamble is to familiarize staff recently attached to the testing portion of a project who may not have been present or involved with earlier stages of the project. >>
