

COMPANY ACCEPTABLE USE POLICY ("AUP")

THIS AGREEMENT is made on this ____ day of _____, 200__, between <<CustCompany>> (hereafter referred to as "Customer") and <<Company>> (hereafter referred to as "Company").

The purpose of this policy is to set forth an Acceptable Use Policy ("AUP") by which Customer will abide while using, renting, leasing, or otherwise making use of Company goods and services. By using Company's Web Hosting and Email services, Customer agrees to comply with the following policies and assume responsibility for the compliance of all Customer's Users permitted by Customer to use Company products and services.

Terms and Conditions

As a service, the standard Acceptable Use Policy is provided below.

1. Right to Service.

- a) Company's service will be provided on an "as is, as available" basis. Further, Company provides no warranty, written, expressed, or implied, for any Web Hosting and Email services provided, including, without limitation, warranty of the merchantability and warranty of fitness for a particular purpose. This expressly includes any reimbursement for losses of income due to disruption of service by Company or its providers beyond the fees paid to Company for services.
- b) Customer and Customer's End Users will use the Web Hosting and Email services in a manner consistent and compliant with any and all applicable laws of the State of <<State>> and the U.S. Federal Government.
- c) Use of any information obtained by way of Company is at End User's own risk, and Company specifically denies any responsibility for the accuracy or quality of information obtained through its services. Company makes no warranty, written, expressed or implied of any guaranteed uptime, or that the service will function at a reliable level based on past performance.
- d) Company is not responsible for any damages arising from Customer's or Customer's Users' use of Company's Services or by any inability to use the Web Hosting and Email services for any reason.
- e) Company shall make every reasonable effort to protect data stored on Customer's Server(s). Company is not responsible for Customer or Customer's Users' data, files, or directories residing
