Specification Definitions

<<Example attachment defining specification definitions for a web site project>>.

Standard Page:

- Uses our pre-existing page templates (completely custom pages will require more time).
- Page body contains up to 6 unique static GIF or JPG images requiring minimal work (including but not limited to: scanning, sizing, cropping, editing, compressing).
- 1 to 4 browser screens of text when viewed at 640x480 screen resolution.
- Up to 10 hyperlinks (not including the page header and trailer site navigation hyperlinks)
- Includes the addition of basic navigation systems built into each page. Creation of the graphical menu bar with image slicing and rollovers is rolled into the base price per page.

Keyword Splash Page:

- A copy of the primary splash page that is tailored to a specific key word or phrase.

E-commerce Solutions:

- Level 1: Flat text file non-interactive.
- Level 2: 1 page interactive form using e-mail.
- Level 3: Multi-page interactive forms using e-mail and/or data files
- Level 4: Multi-page interactive forms using real-time credit card processing.

Level 3 and 4 allow for shopping cart product purchasing on any pages.

Common Navigation Systems:

1. Graphical navigation bar with rollovers at head of each page.
2. Page header text navigation bar under the graphical navigation bar.
3. Text navigation bar at bottom of each page.
