Estimate Pack is a set of pre-designed spreadsheets for estimating a variety of projects. The collection as a whole will meet many of your needs. The spreadsheets are designed to facilitate fast and easy calculations for project estimates. These estimates can then be fine-tuned over time to become more and more accurate.

Legend:

Standard Pages vs. Minor:
 E-Commerce 1-4:
 E-Commerce Product Page

Standard pages are defined as your average web site page with text and graphics, minor pages are very basic pages typically taking less to create. Different levels of e-commerce support from a basic print and fax solution to a full blown integrated e-commerce system, defined by the developer. A more complex web page typically combining product information (text and graphics) and tied in to a shopping cart.

Other line items

Line items above are common components and tasks involved in many types of basic to complex web site development, you can change the line items as you see fit.
