Project Management Pack is a collection of materials used to conduct an extensive interview, design a project storyboard; and then develop, deploy and market a project. Project Management Pack is intended to be used as the first step in the process of interviewing a client (or gathering information for internal projects) to assist in writing a business proposal or project design.

Project Notes Worksheet

Keep track of all of a project's codes, links, user id/passwords and other attributes for future reference. You may not remember all of the details a year after the site was built when it needs maintenance or has to be turned over to someone else.
