Glenn Fitzgerald
Shipping Manager
Trop Fine Foods
555 Topeka Avenue
Bellehaven, WA

Dear Mr. Fitzgerald,

Did you know that you are paying more for trucking services than you need to?

We know that Trop Fine Foods currently uses a large nationwide trucking service for your delivery of goods. But their closest dispatch center is a thousand miles away, whereas the dispatch center and headquarters for Darsten Transport is within 50 miles of most of your stores and only 120 miles away from the farthest Trop Fine Foods location. So you're paying big in diesel and travel time when you don't need to.

Darsten Transport knows your geographic area because the Pacific Northwest is our home. We're familiar with the local port and rail facilities and your warehouse center, and we have the variable fleet to efficiently handle all your transportation needs.

Please call us today for a quote. We'll deliver for you!

Sincerely,

Allysa Darsten Black

Description

Trop Fine Foods is paying big in diesel and travel time when you don't need to. Darsten Transport knows your geographic area because the Pacific Northwest is our home. We're familiar with the local port and rail facilities and your warehouse center, and we have the variable fleet to efficiently handle all your transportation needs.

Proposal Number: 554-904

Darsten Transport can provide Trop Fine Foods with multiple transportation options as outlined below. We will be able to accommodate your needs with a custom-tailored solution.

Darsten Transport maintains a fleet of 22 tractor trucks and 35 semi-trailers of various sizes and configurations, including many semi-trailers that are refrigerated or have refrigerator/freezer compartments. We specialize in the food-shipping business.

◆ **Refrigerated semi-trailers – 28', 45', 57'**

Have a big load of frozen food to transport? Our modern freezer compartments can keep your load at a steady, safe temperature of 0°F (-17°C) even when the weather's hot. And your fresh produce will arrive in perfect condition in our refrigerated trailers. Our state-of-the-art cooling systems keep the temperature at a crisp 34-38 degrees.

◆ **Dry vans – 28', 53', 57'**

Dry packaged goods will be protected from the elements in our dry vans, many of which are compartmentalized so that we can transport loads for multiple clients on the same trailer. Many of our dry vans include temperature control systems, so we can keep your valuable produce from freezing even when the temperature is below zero outside.

◆ **Flat beds – 28', 53', 57'**

Got a whole container of goods coming in by ship or by rail? We'll pick it up and deliver it to your warehouse or store with our intermodal container-on-flatbed system. And if you need large freezers or shelf units delivered for a remodel, or an oversize item for a promotional display, we can carry and offload those, too.
